

The New Rules of Networking

Presented by:

Seminar Overview:

HP is changing networking. Gone are the days of networks that are hard to manage, vulnerable to attacks, and expensive to maintain. With HP game-changing solutions, the status quo is history. Attend this informative session to learn how your organization can take advantage of The New Rules of Networking listed below. Also, learn how HP's acquisition of 3Com has broadened infrastructure products from core to edge.

- **Simplified network designs that are twice as secure**
- **Up to 2x better performance for greater flexibility**
- **Up to 65% lower cost of ownership**

Date: Sept. 14, 2010
Time: 8:30 a.m. - 11:00 a.m.
Location: CCCP Classroom
Corner of Main & Monroe
Downtown Green Bay
Cost: Seminars are FREE
Pre-Registration Required
